

TITLE 228 - DEPARTMENT OF LABOR

CHAPTER 23 - WALKING SURFACES - ACCESS AND EGRESS

- 001. This chapter is adopted pursuant to Neb. Rev. Stat. §48-1803.
- 002. Safe and adequate means of access to and egress from amusement rides and amusement devices shall be provided. The design, number, location, and identification of all exits shall be in accordance with the Standard For Buildings And Air-Supported Structures Used For Places Of Assembly (NFPA No. 102-1972, Section 7, Ways Of Egress).
- 003. All passage ways are to be kept free from debris, obstructions, projections, and other hazards.
- 004. All surfaces shall be such as to prevent slipping and tripping. Floors shall be kept free of protruding nails, splinters, holes, or loose boards.
- 005. Where mechanical handling equipment is used, sufficient and safe clearances shall be allowed for passage ways.
- 006. Stairs must be uniform. Tred must be a minimum of nine and one-half (9 1/2) inches with a one (1) inch slip-resistant nosing. The riser must be a maximum of eight (8) inches or not less than five (5) inches.
